

## Employment Opportunity – Software Developer

**Organization: Mach85 Inc.**

Mach85 is a fast-paced engineering company based in Fredericton, NB, Canada that thrives on pushing the envelope in engineering technology. We are looking for a software developer and/or an engineer with strong programming skills to join our team in the development of a new and exciting software platform. The software platform will combine several revolutionary technologies including machine vision and Artificial Intelligence (AI).

The following are requirements for the position:

- Computer science or engineering degree
- Experience with C++

The following is a list of skills that are not required but will be considered an asset:

- Experience with OpenCV
- Knowledge of 3D stereo camera systems
- Machine vision
- Digital Image Correlation (DIC)
- Artificial Intelligence (AI)
- Qt
- Java
- CUDA

### Employment Details

Salary: Negotiable based on experience

Start date: As soon as possible

Location: Mach85 is based in Fredericton, NB. However, it is possible to work remotely for this position and moving to Fredericton is not required.

All applications must be received via email at [info@mach85.com](mailto:info@mach85.com). Applications should include at a minimum a resume and cover letter. All applicants are encouraged to apply as early as possible as there is no specific closing date for this posting.

We thank all applicants for their interest. Only candidates chosen for an interview will be contacted.
